<http://www.brecknockwildlifetrust.org.uk/volunteer.html>

Montgomeryshire Wildlife Trust

Although we firmly believe you are never too young to start learning about the natural world around you, it is also true that our programme of events cater for all ages and abilities. Whether you are interested in learning to birdwatch or want to get involved with monitoring and species identification, there is something for everyone. In addition, we try to take environmental education to a wider audience by providing speakers to give presentations to local community groups. If you are interested in learning more, please contact Eley on 01938 555654 or email eley@montwt.co.uk; Website: <http://www.montwt.co.uk/>

Radnorshire Wildlife Trust

From hedge laying, coppicing, and bracken cutting to helping in our shop, headquarters or visitor centre, volunteers carry out a huge range of tasks. Volunteers are the foundation upon which our Trust has been built, and people's time given freely is an integral part of our success. Involving people from all sectors of society is fundamental to the ethos of The Wildlife Trusts. As well as providing opportunities for people to enjoy the outdoors by getting involved, finding out about wildlife close to home and by helping to improve or protect a local area, volunteers help us to make a positive contribution to quality of life, health and social networks. To find out more about opportunities for helping to protect your local environment please contact info@rwtwales.org; Website: <http://www.rwtwales.org>

NORTH WALES GROUPS
