

Pembrokeshire Biodiversity Partnership April 2012 – April 2016

Below is a list of the main work areas for the Partnership Implementation Officer since coming into post in 2012. Individual partner organisations have, in addition, carried out extensive conservation work alone, or utilising the Partnership's network. For example, see Pembrokeshire Coast National Park Authority's Conserving the Park scheme; the National Trust's Grazing the North West Pembrokeshire Commons project; or Pembrokeshire County Council's Eco Schools programme. This is just the work which has directly involved the Implementation Officer.

2012/13 Financial Year

- **Education and Awareness Raising:** including website, social media, newsletter (x3), Community wildlife events (x6); Wales Biodiversity Week (14 events), talks/presentations (x2) and public events (x2)
